ABC – Our 20 Year History

Page 1 of 6

ABC Chauffeured Limousines specializes in executive ground transportation service. We have over 20 years of experience in worldwide transportation and we serve as leaders in the sedan and limousine industry. We developed the concept of privately chauffeured sedan service in the Bay Area, which has become the preferred method of transportation for travelers worldwide. Our main office is centrally located between Silicon Valley and San Francisco in California, USA.

ABC Chauffeured Limousines continues to expand locally and globally and has been the preferred vendor for several Fortune 500 corporations and first-class hotels for over two decades.

CORPORATE PROFESSIONALS

Corporations require discriminating and professional service for their executives and those are the types of demands our company has continued to meet and surpass in all related fields. We are adept at managing every type of reservation and we can dispatch our fleet to every business and recreational event, from road shows and conventions to city tours and out-of-state excursions. Our worldwide network of affiliates also encompasses the same standards of meticulous service: we literally follow our clients' itineraries worldwide. We use centralized billing at our main office to facilitate and expedite accounting procedures, and we give you your own billing options for invoices, statements, and periodical reviews.

ADVANCED TECHNOLOGY AND IMPECCABLE VEHICLES

Technology and an impeccable fleet of vehicles have been our allies and we continually upgrade our communications system to oversee all of our operations. ***Today we're linked to Apollo (TD*AW), Sabre (Y/EXT/AWW), the internet (www.abctrans.com) We utilize an integrated phone system, instant credit card verification, e-mail and auto-fax for confirmations and invoices.***

We helped develop and modify limousine software for navigating our dispatch circuit. All of our vehicles are equipped with cellular phones and 2-way radios and advanced satellite navigation and tracking devices. We employ experienced customer service representatives and dispatchers who know the travel industry, traffic control, and specialize in corporate accounts.

Our very basic goal is to provide complete satisfaction to our clients.

PERSONALIZED SERVICE

We believe **ABC Chauffeured Limousines** would be an asset to you and your business. We will meet with you to discuss a service plan designed to fit your company's provisions. We have the advantage of being able to conform to all of your executives' needs, with maximum quality and competitive cost. Our tremendous range of versatility will enable you to use us as a singular source for all of your ground transportation requirements, locally, nationally, and worldwide.

TRANSFERS

One Pick Up Location --- > One Drop Off Location

Airport transfers are available in every city, NATIONWIDE and WORLDWIDE.

ABC will cover the globe for you: We will arrange private transportation service **anywhere there's a road available**. From San Francisco to Seoul, Boston to Bangkok, Portland to Paris, and every location in between, there's no city too big or too small for ABC to drive you.

Utilizing our global communications network, our Reservations Department will take care of your booking with one easy call and provide you with an ABC confirmation number, meet-and-greet information (for arrival at your airport, train station, boat dock, etc.), choice of vehicles available, estimated travel time, and estimated tariff. ABC has centralized billing, so all charges are handled through our corporate office ... you never need to worry about payment when you have an account with ABC. ABC will also arrange all ground transportation connections for you – just give us your itinerary and we'll handle the rest.

CHARTERS

Hourly Service with Unlimited Pick Up and Drop Off Locations

Let ABC assist you in planning the perfect charter service – we specialize in all types of events including business meetings, shopping excursions, city tours, or day-trips anywhere in the state. Our reservation agents can also be your “conierge” in coordinating your day or evening activities and can give you information about popular locations, such as hours, rates, and availability.

A charter service begins when the vehicle arrives at the scheduled pick up location at the prescheduled arrival time and is billed by the hour, with a 2, 3, or 4 hour minimum charge, depending on the type of vehicle requested. The charter service ends when the vehicle drops off the last passenger(s) at the last drop off location and returns to the garage. The hourly rate is based on the vehicle (see Charter Rates, page 2). Travel surcharges may apply for extended locations – check with your reservation agent.

A+

Our Reservation Agents will personally answer your call, set up a customer profile, and provide you with a confirmation number immediately. Our Dispatchers work together to handle numerous trips per day while taking reservation changes, monitoring flight arrivals, and planning for the next day's events. Our Customer Service Agents will personally call all clients to confirm trips for the next day and maintain customer relations by corresponding with account representatives and clients daily via phone and e-mail.

Excellent customer service is our primary goal and we continue to survey our customers to find out what works and what can be improved. In addition to accepting comments and questions via fax, 650-401-6205, e-mail, abc@abctrans.com, and on our website, www.abctrans.com, we also send and distribute ABC Report Cards to all of our clients to generate additional feedback. We review these reports diligently and we make constructive use of all comments received.

If there's a better and more efficient way to serve our clients, WE WILL DO IT.
